Why Charles Bentley?

Charles Bentley & Son have been trading for more than 160 years. We are a 6th generation, global supplier of stylish and contemporary brushware, cleaning, home, garden and leisure products. From traditional brushware to dining sets, outdoor toys and all things in between, we take the hard work out of sourcing products, by giving you thousands of products to choose from to incrementally grow the profitability of your business.

At Charles Bentley, our entire business is built on trust. We're devoted to upholding our position as a trusted British manufacturer of superior brushware, homeware, gardenware, and cleaning products. The truest mark of our commitment to trust is over 160 years' of tireless craft and design. Since 1860, we've enjoyed the highest honour of seeing our products displayed on shelves and welcomed into homes across the country.

Among our proudest accomplishments are enduring retail partnerships. Many of the UK's most distinguished retailers trust us to deliver desirable, purposeful, expertly-made home, garden and cleaning products that win the hearts of their shoppers, which in turn, helps them maximise their profits.

With us, retail partners enjoy superior choice thanks to our keen appetite for product discovery. Our vast global network gives us access to the finest materials and the most attractive, long-lasting, user-friendly home, garden and cleaning products.

For over a century, we've committed to hard work, collaboration, simplicity and innovation.

Merchandising

Best in class merchandising that utilises store space plays a huge part in maximising product sales and driving more people to your outlet. We have a wide variety of on-floor display, counter display units and packaging options available.

Display Stands

We are experts in creating stunning display stands that are designed to showcase products at their best. With additional POS available, they effectively promote products in a way beyond most other merchandising solutions.

Clip Strips

Our clip strips are the perfect solution to capitalise on cross sales and impulse purchases. Use them to easily move smaller items to a variety of places within your store. For example, why not place your bright promotional dish brushes next to the washing up liquid?

Counter Display Units (CDUs)

Free Standing Display Unit (FSDU's)

Our OFDs and CDUs are the most popular merchandising solutions and we have a wide variety to suit all your needs. They're ideal for promoting key lines during seasonal periods and launching new products into stores. Plus, these pre-made boxes are easy to ship and quick to set up in store.

BULLDOZER PRO

NO JOB IS TOO BIG.

Dual fill Bristles
The dual filled bristles are designed to sweep light dust & heavy duty debris with ease, aimed to reduce cleaning time.

Heavy-Duty Bracket
The heavy-duty bracket gives the broom extra strength for long-lasting use.

Super Grip Handle
The super grip neoprene handle helps ensure easy handling & to maximise grip when cleaning.

HELPING YOU DECIDE

Bulldozer brushes are available as either CLIPPED or FITTED. They come CLIPPED as standard but if you require FITTED please contact your account manager.

CHARLES BENTLEY

Brushware

Helping your shoppers save time and clean brilliantly with minimum hassle - our brooms and brushes turn everyday demands into effortless tasks.

With a generous range of shapes, sizes and bristle textures, every home clean-up is catered for. Whether it's a small indoor spill or stubborn outdoor dirt, enjoy effective sweeping every time.

Trusted by British homes since 1860, there's an expertly-designed broom for everyone. Choose from Charnwood, Bulldozer, Countryman and Core - four distinct styles of broom from one award-winning British manufacturer.

Types of Brushware:

Ideal for dust & light debris

Natural Coco - Taken from the coconut fruit, it is known for its **soft sweeping** properties.

Ideal for use in the garden

Bassine/Palmyra - Found in the southern tips of India, its coarseness & good water resistance makes bassine ideal for **stiff scrub** brushes.

Ideal for outdoor use

Union Mixture - A combination of bassine & polypropylene. Adding the polypropylene provides **extra stiffness**.

Ideal for both indoor & outdoor use

Synthetic Fibres - Available in both **stiff & soft** bristles, synthetic fibre is a versatile fibre that is very strong & durable.

Ideal for heavy duty cleaning

Bassine & Cane - Referred to as a grape & apple mixture it has the qualities of bassine & cane in one fill.

Ideal for dust & light debris | Natural Coco

Taken from the coconut fruit, it is known for its soft sweeping properties.

Never fix to damp, damaged or weak walls or ceilings

DESIGNED
IN BRITAIN

IDEAL FOR
CANTILEVER
TV
BRACKETS

in partnership with
GRIPIT[®]

Rhinofix is the easy fix for attaching items to plasterboard, fibreboard, and wood. Suitable for tradespeople and the less experienced, this DIY blessing can hold up to 150kg, making it suitable even for those extra heavy items and cantilever TV brackets.

Whatever the item or object, Rhinofix strength is sure to secure and hold, providing firmness and soundness in all DIY ventures.

MARXMAN

PROFESSIONAL MARKING TOOL

MARKS ALL SURFACES...

WOOD | BRICK | TILES | STONE
PLASTERBOARD | METAL
RENDER | PEBBLEDASH
AND MUCH MORE...

OVER 250 MARKS PER PEN

DESIGNED & MANUFACTURED IN BRITAIN

MARKS THROUGH A DEPTH OF UP TO 50mm

MARXSINGLE/CG
Green Standard MarXman
Qty: 20 Per Carton

MARKS THROUGH A DEPTH OF UP TO 100mm

MARXSINGLE/CBK
Black Deep Hole MarXman
Qty: 20 Per Carton

EASY AND ACCURATE, MARK THROUGH HOLES

PRESS

PRESS the tip of the MarXman tool into your fixing hole.

Top Tip: For accurate marking ensure the distance is below 50mm. For fittings of 50mm-100mm use MarXman Deephole.

MARK

The green pigment will create a **MARK** onto the surface.

MarXman can be used at any angle to make a quick, accurate mark on any surface.

DRILL

You now have an exact guide to **DRILL & FIX**.

The fluorescent, non-toxic green pigment is removable, so you can wipe away excess residue.

Social & Environmental Policies

FSC (Forest Stewardship Council)

FSC runs a global forest certification system with two key components: Forest Management and Chain of Custody certification. This system allows consumers to identify, purchase and use wood, paper and other forest products produced from well-managed forests and/or recycled materials.

Our Bulldozer Pro, Charnwood and Charles Bentley Core Ranges are FSC approved. This means that the wood used to produce these ranges is ensured to come from a sustainable source.

BULLDOZER PRO
NO JOB IS TOO BIG.

Charnwood
The heartbeat of British brushware

CHARLES BENTLEY

SEDEX (Supplier Ethical Data Exchange)

Charles Bentley & Son Ltd is a member of Sedex (www.sedexglobal.com). Sedex is home to one of the world's largest collaborative platform for buyers, suppliers and auditors. The platform is used by more than 38,000 members in over 150 countries to manage performance around labour rights, health & safety, the environment and business ethics. Sedex is not a standard setting body and doesn't approve or certify our policies and standards. Instead, being a member of Sedex is a sign of Charles Bentley's willingness to share information and to use this information to help manage and improve ethical standard within the supply chain.

CHSA (Cleaning & Hygiene Suppliers Associations)

Membership to the CHSA's Manufacturing Accreditation Scheme for cotton-based products means that we comply with the standards specified in the CHSA's rigorous Code of Practice, signalling our commitment to standards and ethical trading.

Buyers can be confident that this level of quality runs through all our products and our business. We guarantee what's on the box is what's in the box.

BSI (British Standard Association)

Accreditation means that we have been assessed against internationally recognised standards and operate to the highest levels of quality and service - providing further assurance to you that the certificates we issue are both credible and impartial. This accreditation reduces the risk to you and your customers and gives you complete confidence that we have been independently evaluated for our competence and performance capability.

ABMA (American Brush Manufacturers Association)

The ABMA exists to help North American brush manufacturers by enhancing industry knowledge, providing an unparalleled variety of networking opportunities and promoting profitability for its members and the industry. ABMA strives to promote and strengthen value for its members to be the preferred and innovative source for broom, brush and mop products worldwide.

BSCI (Business Social Compliance Initiative)

The Business Social Compliance Initiative (BSCI) is a leading supply chain management system that supports companies to drive social compliance and improvements within the factories and farms in their global supply chains.

Our social and environmental policy is committed to the local community as we understand that local issues have a global impact. Therefore we work closely with local and global environmental organisations to promote good ethical and environmental practice.

We are committed to working with international and global standards relating to the purchase of timber. This includes both the FSC (Forest Stewardship Council) which is backed by the WWF and the International Accreditation Forum to establish good ethical and environmental forest management.

We are committed to minimising packaging and work with clients and suppliers to achieve this.

We are committed to improving waste management systems and recycle 100% of cardboard and supply this direct to paper mills in the UK. All plastic wherever possible.

We have long term ambitions of becoming a ZERO waste business!
